Subject: Request for Web Application Security Provision

Dear Media Support Team,

I am writing on behalf of P2E Technologies Limited to request your assistance in providing web application security. As a technology company, we understand the importance of securing our web applications to ensure that our customers' data and information are protected.

After conducting extensive research, we have identified the need for the implementation of a Web Application Firewall (WAF) with specific features. We are hoping that your team can provide us with the following solution features:

CloudGuard Network virtual Core for Azure Gateway
Annual subscription for 1 year Smart-1 600-S Base Gen-6 Security Management, Log, and SmartEvent appliance for 5 gateways (SmartEvent & Compliance 1 year)
Posture Management and Workload Protection and IAM Safety, 100 Assets for 1 year
